- PARTIES • TEAMBUILDING •

ABOUT US

Hill Holt Wood is many things. It is a woodland, a social enterprise with charitable status, and a journey towards a sustainable way of life. In 2011 we completed our largest on-site building, the Wood Hall. This development included modern events facilities that allowed us to open our doors to a much wider audience of people interested in visiting the woodland.

The rammed earth hall benefits from beautiful natural light, and with its fantastic thermal properties offers a warm ambience during the winter months and a refreshingly cool atmosphere in the summer. Its pioneering design, set within ancient woodland, provides the perfect space for any event.

CORPORATE

Hosting corporate events is our speciality. We have worked with a diverse range of companies, many of which continue to make use of our facilities regularly.

Our hall can comfortably hold up to 20 delegates boardroom-style and up to 60 theatre-style. It includes a modern sound system and a 75" plasma screen with a 50 inch plasma screen television for presentations. We also offer notepads, stationary and flipcharts.

TEAMBUILDING

Our 34-acre woodland is an excellent environment for various teambuilding activities, which can be facilitated by our experienced rangers.

Activities include bridge construction, bushcraft, fire-lighting, orienteering, tree-felling, two-person sawing and a range of lateral thinking puzzles. This is not an exhaustive list - we are happy to provide any activities of your choice.

WEDDINGS

We can work with you to make sure you have the perfect wedding reception. Our events manager has over twenty years of experience in planning and organising, and will help to oversee everything from start to finish.

The Wood Hall is a highly versatile space and decoration can easily be tailored to your preferences. Wedding photography in the woodland is also available.

PARTIES

Our parties give children a chance to enjoy the woodland. They typically last around three hours, from 11am until 2pm, with an outdoor activity such as fire lighting, pond dipping, shelter building and games followed by homemade party food.

Our rangers are highly experienced, have DBS checks and are trained in first aid. All of the activities and sites are fully risk assessed.

CATERING

Food and refreshments are often the most important aspect of any event and so we ensure that ours are to the highest standards. Our team has prepared meals for a variety of different events and clients, whilst also running a café open to the public every Sunday. Whether you prefer coffee and pastries, homemade soup and sandwiches, classic canapé buffets or à la carte dining, all can be prepared and served by our staff. We also make an extensive range of vegetarian food and can cater for any specific dietary requirements.

The glass-walled dining area offers pleasant views into the woodland and our organic garden, which provides seasonal produce for the kitchen.
